## Who's Who @ H3 Concept Gallery ?

Why H3? Because Head, Heart and Hand!

Beyond conventions and beyond all our knowledge about contemporary art, the creative act amounts generally to these three tools: head, heart and hands. H3 Concept Gallery is a space of creation which allies the contemporary creation of visual artists and designer and creators of everyday life.

5

H3 Concept Gallery is above all an experimental space. The idea came from the will to present in the same place various surrounding areas of art.

H3 desires to propose a friendly place convenient to the discoveries and to artistic bets.

Our visual artists arise from the young emergent scene. Our bet: exhibit their work, support them, accompany them and discover the artists of tomorrow.

Always looking forward, it was impossible for us not to become allied to a young music label. *Les Boutiques Sonores* then became our partenaires.

H3 Concept Gallery is a melting pot where opposite universes meet to create a new coherent but different group. The confrontation of these two universes creates the atmosphere of this unique place.

After collaborations with Moti Hasson in New York, then Vanessa Quang in Paris, Marie Richard, initiator of the project, tries to share her passion for the creation and her vision of a current and hard-hitting art. She waims to broaden the public, and her choice in the various initiatives and the various principles of the creative act in itself.

CARE France is a non-profit organization registered in France. CARE France is one of the 14 members of the CARE international network. CARE France is one of the 10 leading international NGOs in France.

CARE France's budget for 2009 amounted to €20 million, 83% of which were used to fund field programs. CARE France's annual reports and accounts are certified by COFICOM.

CARE is a leading humanitarian organization fighting global poverty. We place special focus on working alongside poor women because, equipped with the proper resources, women have the power to help whole families and entire communities escape poverty. Women are at the heart of CARE's community-based efforts to improve basic education, prevent the spread of disease, increase access to clean water and sanitation, and expand economic opportunity and protect natural resources. CARE also delivers emergency aid to survivors of war and natural disasters, and helps people rebuild their lives.

In the fiscal year 2010, CARE worked in 87 countries around the world, supporting 905 poverty-fighting projects to reach more than 82 million people, over half of whom are women.

CARE not only feeds the hungry, but also helps tackle underlying causes of poverty so that people can become self-sufficient. Recognizing that women and children suffer disproportionately from poverty, CARE places special emphasis on working with women to create permanent social change.

**Help.....Hope.....Health.....**

If we say H3 and if you think of Head, Heart, Hand, the three tools of creation and the symbol of H3, you have begun to understand our mission. Perhaps you even know that in December 2011, H3 Concept Gallery will celebrate its first birthday. One year, where for our greatest pleasure, artistic projects and creative events multiplied. Always trying to surprise you in this new year, H3 lends its initials for a good Cause. H3 becomes Help, Hope, Health, in its involvement in a large-scale humanitarian cause.

8

In association with CARE, H3 Concept Gallery presents its first charitable exhibition. The profits of the sale will go directly to CARE to support their efforts to fight the poverty.

Gallery owners' mobilization and of international artists allows the project to take all its value. 100 artists from around the globe gathered to offer generously one of their creations for this event. The result of the work of these artists is beyond our expectations; among drawings, photos, sculptures, prints or design objects, your choice will have no borders.

Every piece will be sold at the unique price of 100 euros. It is our anniversary, and soon Christmas; the perfect opportunity to offer a different and outstanding present to loved ones. Come choose the work of one of our artists to support the action of CARE and so surprise your friends and family.
